LINK & START BUYING

Please Note that when the school has finished and finalized the roster for each learner's **School account**, we will then sync the roster and when you select Start Buying, only then will the ITSI website tell you exactly which books you need to buy for your student. Once you have bought books and **installed the MiEbooks App** on your learner's Ipad/Tablet/device, it will take up to 3 days for the books to reflect in the student's app.

If you have trouble seeing the book, **please contact** helpdesk@it.si and they will assist you.
